Prayer Notes

May 2021

AN's review of activities during 2020 gives an overview of our various types of activity during the past year, in terms of the types of help offered and the numbers of people helped. In summary, over 900 households were helped with aid during the year, in addition to other services. The report is now available on our website at <https://www.roafan.org/report2020/>.

April 2021 has been officially recorded as one of the coolest Aprils in recent years. It has also been relatively dry. Now we await the warm wet spring that would kick off the growing season but the forecasters suggest that we will switch directly into a hot summer. The residents at Casa Neemia have been preparing the grounds and planting outdoor crops such as the potatoes that will form a staple of their diet later in the year. The cooler weather has delayed the start of our polytunnel season so there is now so catching up to do.

At our warehouse, too, the grounds have been spruced up with the help of Casa Neemia residents, most of whom are happy to be involved in the wider range of AN activities. We intend to plant another crop of maize there once our farmer neighbour has prepared his own land.

The stocks of clothing at the warehouse are starting to dwindle. With the change of season we also need to change the type of clothing that we offer. It is a blessing that the supply of winter clothing has lasted well but summer clothing is running short. We appreciate the endeavours that the teams in the UK are making to prepare new loads and address the uncertainties of transport.

### Give thanks ...

1. For the ability to continue to help needy people through a combination of residual stocks, local donations and sponsorship.
2. For the prospect of better times as the year progresses.

### Please pray ...

1. For those members of our team and their families who are still affected by Covid, especially those working with the Casa Neemia residents.
2. About the impending shortage of clothing in our warehouse, and the plans to bring in new stock as soon as possible.

Prayer Notes

May 2021

RoAF is essentially a faith-based organisation that relies on prayer. Below and overleaf we offer some prayer pointers, but please feel free to add your own items as they come to mind. Prayer is our connection with God's ultimate power source and, without prayer support, this work would achieve nothing of lasting value.

Our teams are continuing to make good progress with the task of preparing goods already in stock for transport. In south Wales the main activity has been the collection of items stored in domestic garages during the winter. Meanwhile, at Billingshurst a small team has been checking, weighing and labelling the goods there in anticipation of being able to send a manifest to Dorohoi, for appraisal and approval.

### Give thanks ...

1. For the ability to move about more freely than before.
2. For our supporters, in whatever way they help.

### Please pray ...

1. About the possibility of sending a lorry later this month.
2. About the condition of the warehouse used by the south Wales team.
