Prayer Notes

November 2022

The latest lorry from Billingshurst has arrived both quickly and safely. The official examination of the load went well with no problems on this occasion; the customs inspectors appreciated our teams' efforts to comply with the revised procedures.

The weather has remained warm and dry - ideal for bringing in the cereal harvest. Whilst there are still those who continue to work their smallholdings with a horse and cart, there has been a major increase in commercial activity. This can be linked to the uncertainties surrounding the availability of grain from Ukraine which in turn has affected local supplies and prices. Most of the people coming to the office for clothing and other items also ask for food. The large stock of rice, together with other items from local sources means that we can still help them.

1. For the safe arrival of the lorry with no paperwork problems.
2. That we still have the resources to help people in non-financial ways.

Prayer Notes

November 2022

RoAF is essentially a faith-based organisation that relies on prayer. Below and overleaf we offer some prayer pointers, but please feel free to add your own items as they come to mind. Prayer is our connection with God's ultimate power source and, without prayer support, this work would achieve nothing of lasting value.

Our fifth lorry for this year has been dispatched. The load is a joint venture between our Horley and Swansea teams and comprises clothing, bedding and shoes, with some stationery and personal hygiene items. The clothing has been checked, packed and fumigated and we trust that this load will be accepted by the Romanian authorities without further ado. We hope to send another lorry in mid-December, once again concentrating on clothing, footwear and bedding, perhaps with some seasonal items.

Give thanks ...

1. For a good turn-out of helpers to load the latest lorry.
2. For our supporters' positive response to changes in our procedures.

Please pray ...

2. For the planning of future lorry departures.
