Prayer Notes
August 2024

Recently, one of our Ukrainian guests at Casa Neemia went back home to sort out some paperwork. On her return she spoke about the stress of being in a war zone, with incoming missiles and corresponding air defences almost every night. She expressed her gratitude, once again, for having a place where she can feel secure.

Of course, Casa Neemia was never envisaged as a refuge for those displaced by war. Nevertheless we are happy to provide them with this help and we are pleased by the way in which those for whom it was intended have accepted the newcomers into their midst. Once again, we are grateful for those whose generosity made Casa Neemia a reality.

Ill health has affected some of our AN team during the past month. Summer ailments are prevalent but COVID has not disappeared. Being in contact with callers at the office carries the possibility of infections of various types and we have adjusted working practices to reduce the risk.

Asking and waiting are steps towards receiving ...

Give thanks ...

1. For the continuity of items with which to help those in need.

Please pray ...

1. For team members who are suffering with health issues.

Prayer Notes
August 2024

RoAF is essentially a faith-based organisation that relies on prayer. Below and overleaf we offer some prayer pointers, but please feel free to add your own items as they come to mind. Prayer is our connection with God's ultimate power source and, without prayer support, this work would achieve nothing of lasting value.

We have continued to receive a good quantity of donations in Horley and in south Wales. Consequently, the Horley team will not be taking a break from packing during the month of August as in previous years. However, we would appreciate a few more sorters and packers on the first and third Friday each month.

Feedback from Romania confirms that our items are still very much in demand, often to the point of people queuing at the office. Conversely, the widespread access to online shopping has meant that there is less demand for items from the shop, with a corresponding impact on revenue.

Give thanks ...

1. For those who diligently pack the items ready for transport.

Please pray ...

1. For more hands to help make the work lighter.
2. About the plans for the next load later in the autumn.

The packing teams make good progress ...
