

## Asociația Neemia

Prayer Notes  
September 2025

With the onset of autumn it is time to start thinking about making provision for winter heating. For many of our beneficiary families that means firewood. In previous years we have been able to help a few of the poorest households but firewood is now strictly controlled and expensive, and our ability to help will be limited.

Several of the ladies at Casa Neemia have collected fruit from our trees at the warehouse and made a good quantity of jam. Warm jam doughnuts always go down well during the cooler weather. Also at Casa Neemia, our Ukrainian children are preparing for the new school year, with help from some of the older residents.

During the summer we had the opportunity to take one of our Ukrainian visitors to visit the grave of his grandfather who had been killed whilst fighting in Romania during the second world war. It was a very emotional visit for him and helped him a little with his own life away from his home.

### Give thanks ...

1. for the ability to distribute some £4,300 worth of food during August.

### Please pray ...

1. about the updated documentation for Casa Neemia and the warehouse.

## The Romanian Aid Foundation

Prayer Notes  
September 2025

RoAF is essentially a faith-based organisation that relies on prayer. Below and overleaf we offer some prayer pointers, but please feel free to add your own items as they come to mind. Prayer is our connection with God's ultimate power source and, without prayer support, this work would achieve nothing of lasting value.

We have been helping poorer households in the Dorohoi area for over 30 years. Sometimes we are tempted to ask what has been achieved, especially when subsequent generations seem to fare no better. However, we were encouraged recently to meet a family from those early years who have had success with employment and managing a business in Dorohoi.

For the change of season we gave the shop a bit of a 'spring' clean. New curtains and a thorough cleaning have made the shop more inviting.

New legislation requires us to produce quarterly financial accounts for our activities. We have been caught up by rules intended for larger commercial enterprises and it will mean an increase in our workload.

### Give thanks ...

1. for good stocks of clothing for autumn and stationery for school pupils.

### Please pray ...

1. for the ability to comply with legislation which was not intended for us.
