

Asociația Neemia

Prayer Notes
November 2025

It is with sadness that we heard of the passing of Gheorghe Mirauta aged 85. Ghita's skills as a master builder were central to the construction of Casa Neemia and the buildings at the Centre of Hope in Dorohoi; he was also involved in many of the housing redevelopment projects that the two charities have undertaken. His legacy lives on in that two of his sons now manage the respective charities.

Some rural kindergartens have enrolled in an EU initiative to prepare younger children for the experience of being away from home and learning to socialise with other children. It is essentially a play-school where the various ages mix and includes a meal and a rest break. We have provided some knitted blankets and various other materials.

We have continued to collect short-time food items from a supermarket in Darabani; these items typically have a shelf value of some £5,000 each month. The food is donated to visitors to the office, some 10-15 recipients per day. During October we were invited to collect from a second branch.

Give thanks ...

1. for supplies of clothing and food that allow us to still help those in need.

Please pray ...

1. about the ideas concerning the future options for the warehouse land.

Prayer Notes
November 2025

RoAF is essentially a faith-based organisation that relies on prayer. Below and overleaf we offer some prayer pointers, but please feel free to add your own items as they come to mind. Prayer is our connection with God's ultimate power source and, without prayer support, this work would achieve nothing of lasting value.

In October we received a large consignment of surplus school uniforms, passed on to us by a charity in the UK. Whilst some urban schools in Romania do have formal uniforms, most of the schools in rural areas do not, and these clothes will be valued by families in those areas. They will also be donated to other families for use as casual clothing.

The future of the warehouse and the land around it is still under discussion but this year the land has produced good crops. The sunflowers were harvested for us by a local farmer and they will be pressed for oil for donation whilst a glut of apples will allow us not only to share the fruit itself but also to have the surplus pressed into juice for preservation.

Give thanks ...

1. for continued support through donations large and small.

Please pray ...

1. for health and strength for our ageing packing team.

Generous resources: clothing, sunflowers and apples ...
